Signature of Governor

All maintained schools provide daily collective worship for registered pupils (apart from those who have been withdrawn by their parents). The head teacher is responsible (under the School Standards and Framework Act 1998) for arranging the daily collective worship after consulting with the governing body. Daily collective worship must be wholly or mainly of a broadly Christian character.

Philosophy

Pickering Community Infant and Nursery School is for children aged three to seven years. This Collective Worship policy has been designed with our school population in mind. It is written in accordance with guidance from North Yorkshire's Standing Advisory Council for RE (SACRE). We are a Community school and worship is therefore an important part of the school day as it gives us the opportunity to come together as a community and to develop a sense of unity. The staff and governing body of Pickering Community Infant and Nursery School believe that children's understanding of religious worship should be developed through a daily gathering, with a sense of occasion. Collective Worship provides opportunities to promote the aims and ethos of the school and for our children's social, spiritual, moral and cultural development.

As a school we:

- take into consideration the family background, ages and abilities of the pupils when determining the precise nature of daily collective worship.
- promote a sense of awe and wonder, wherever possible.
- offer time for reflection through a variety of collective prayers. These might include praise, seeking forgiveness, asking on behalf of self and others or quiet reflection.
- offer insights into Christianity, and other faiths, cultures and traditions.
- contribute to community cohesion within and across different faiths within our school, local and wider community.
- encourage children to consider their own place in the community and what it means to be a citizen within that.
- develop relationships through respect, understanding and acceptance, discouraging bullying and discrimination.
- use collective worship to celebrate achievement and give thanks.
- offer a planned annual programme of themes for Collective Worship published to all staff and other providers, with appropriate guidance.
- link collective worship to the delivery of the PSHCE curriculum and the local authority syllabus for RE.
- make appropriate use of sacred writings, stories, poetry, art, music and artefacts.
- use collective worship to build upon our school ethos of 'Learning, Caring, Sharing'.
- value all children and their viewpoints, regardless of their faith or personal beliefs.

- ensure that collective worship supports the five key principles for children;
 - To be healthy
 - To stay safe
 - To enjoy and achieve
 - To make a positive contribution
 - To achieve economic well-being
- provide information for parents on Collective Worship, including their statutory rights.
- monitor and evaluate the quality and impact of Collective Worship taking place drawing on the views of pupils, parents, staff and other providers.

Collective Worship Guidelines

Planning

- Collective worship is an integral part of our RE and PSHCE teaching. The collective worship theme for each half term is the same as that taught in the classroom and complements the school curriculum theme.
- The themes take place on a two year cycle based on the NYCC RE syllabus, the PSHCE curriculum, the SEAL themes and the school value being taught that term. This formulates the scheme of work.
- A half term overview for collective worship is planned by the Head Teacher. Informal daily planning is then undertaken by the individual leading the collective worship.
- Music and Hymns are chosen by the RE subject leader.

Delivery

- A collective worship display presents the theme for the half term and provides a focal point for the children. An outline of the plans for collective worship for each term is available on the website and in hard copy to all parents on request.
- Music is played to signify the end of the Collective Worship, as children leave the hall.
- A candle is lit at the beginning of the Collective Worship to signify the start of worship.
- Each gathering consists of a song, a prayer, time for reflection and an activity, story or poem.
- There are twelve family assemblies a year.

Participation

- Year One and Two children take part in all collective daily acts of worship.
- Reception children begin by attending one of five collective daily acts of worship during the first term, and build up during the Spring and first Summer half term to attending all, as staff feel is appropriate for that cohort of children.
- Nursery children attend one of five weekly assemblies.
- Staff attend collective worship when they are not working one to one with a child or with a small group and unless they are out of class, for example on mentoring, subject leader or Planning, Preparation and Assessment (PPA) time.
- Staff are allowed the right to withdraw from Collective Worship, not assemblies, on grounds of religious opinions or practice.

- We seek to be an inclusive community. We respect the right of parents to withdraw their children from Collective Worship but believe that Collective Worship is inclusive and beneficial for all children. Withdrawal from Collective Worship will be made following parental discussion with the Head Teacher and followed by written confirmation of withdrawal from parents to the Head Teacher. Children withdrawn from collective worship may read in the library or participate in supervised private worship but no additional work will be set during this time.
